ASSISTANT COMMISSIONER FOR PATENTS
WASHINGTON, D.C. 20231

Sir:

We, Yasuhiro IWAMURA, Takehiko ITOH, Mitsuru SAKANO, being the Inventors herein, declare that we are the Applicants in the above-identified Application, and that the full facts concerning the circumstances under which the present invention was made and the relation of such invention to the performance of any work under any contract, subcontract, or arrangement entered into with or for the benefit of the Department of Energy are as follows:

1. That the above invention was made, conceived and reduced to practice entirely on the time and efforts of the Applicants and at the sole expense and for the sole benefit of Applicants' Assignee, MITSUBISHI HEAVY INDUSTRIES, LTD., with offices at 5-1, Marunouchi 2-chome, Chiyoda-ku, Tokyo, Japan, during the course of regular employment with said company at the facilities of MITSUBISHI HEAVY INDUSTRIES, LTD., at 5-1, Marunouchi 2-chome, Chiyoda-ku, Tokyo, Japan.

2. The invention or discovery was not made, or conceived in the course of, or in connection with, or under any contract, subcontract, or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors Energy Research and Development Administration or the Department of Energy.

The undersigned Inventors declare further that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further, that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
